Hi Neil-

I just wanted to thank you again for getting me on the stand first after the lunch break so I could get to Chicopee. Also, I wanted to let you know that I did not get lost on my way to Chicopee - I was there by 2:45. There must have been a communication breakdown somewhere as the police officers knew I was there by 2:50, and at least one of the court officers also knew I was there, so somehow the word did not get to Cary about my presence.

-Sonja
